Lancaster Farming

VOL 9 No. 37 Lancaster Farming, Saturday, August 15, 1964 $2 Per Year

L to R, R. Edwin Harnish with the Ayrshire Champion; Robert K. Wanner has the Brown Swiss Champion; J. Nelson Landis holds the Guernsey Champion; and Stephen P. Arrowsmith with his Jersey Champion. These were the four Breed Grand Champions on Thursday at the 4-H Dairy Show.

4-H Selects Showmanship Fitting & Type Champions

Donald Bollinger, son of Mr and Mrs Elam Bollinger, Manheim R1, won the over all showmanship award of the Lancaster County 4-H Dairy Show held this week at the Guernsey Sales Pavilion In placing the title on Bollinger, Judge Harold Lockhoff, Huntingdon County Agent, said, "I purposefully called a halt to forward movement of the animals when he (Bollinger) was at a low spot in the ground" Donald moved his animal forward enough to place the front feet on higher ground before posing her, "To prove he was awake"

The second top county showman is Sue Mumma, daughter of Mr and Mrs Harry Mumma, Manheim R1

The best fitted animal in the show was exhibited by Marilyn Krantz, daughter of Mr and Mrs Elvin Krantz, New Providence R1 and the Reserve Grand Champion Fitter was J. Nelson Landis, son of Mr. and Mrs John Landis, 1804 Hempstead Road

In the Breed Type Competition, the following boys and girls received high placing awards:

Holstein

Averril Royer's Blossemelle Zsa-Zsa gave her usual fine performance by winning Holstein Breed Type Championship Showing this year in the three year old and over class she continued her winning string in County 4-H competition that started as a senior calf. Averril is the daughter of Mr. and Mrs Herbert Royer, 2025 Oregon Pike.

Henket Reflection Sara the top of the two year old class was the Reserve Breed Type Champion for James Kettering, son of Mr. and Mrs. Henry Kettering, Lititz R3.

Holstein Junior Calf—1. Edwin E. Hess, Strasburg R1; 2. Harold D. Welk, Strasburg R1; 3. Nelson Martin, East Earl R1, 4 Susan Ann Kauffman, Elizabethtown R1

Intermediate—1 Carol Ann Eby, Gordonville R1, 2 Jim Hostetter, Manheim R2, 3 Glenn M Kreider, Quarryville R1, 4 J Earl Wenger, Quarryville R1, 5. Elaine Kreider, Quarryville R1

Senior Calf—1 Jacob L. Stoltzfus, Narvon R2, 2 Gary Myer, 410 Willow Road, Lancaster, 3 Shirley Ann Hershey, Lititz R1, 4 C Robert Greider, Jr, Columbia R2, 5. Mary Ellen Kettering, Lititz R3

Junior Yearling—1 Averril Royer, 2025 Oregon Pike, 2 Kenneth Rutt, Quarryville R2; 3 Albert Henry, New Providence R1, 4 Jay Richard Bucher, Ephrata R1

Senior Yearling—1 Richard Rutt, Quarryville R2; 2 John Bartsch, Ephrata R1; 3 Joyce E Groff, Quarryville R3, 4. John C Welk, Strasburg R1; 5 Marilyn Harbold, Elizabethtown R1; 6 Carol Groff, Quarryville R3; 7 Nannette Stauffer, Ephrata R1

Two Year Old—James Kettering, Lititz R3; Judith Ann Longenecker, Holtwood R1; Donald L. Bollinger, Manheim; James White, Ephrata R1.

Three Year Old and Over—1. Averril Royer, 2025 Oregon Pike; 2. Barry J. Kurtz, 1160 N. Market Street, Elizabethtown.

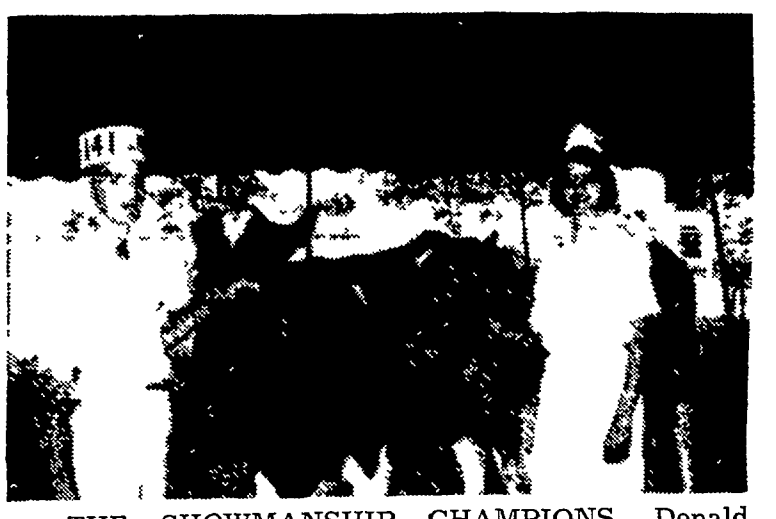
Guernsey

Har-Len Heroic Rosanna, a senior calf, was pulled into the Grand Champion spot in the Guernsey breed for J. Nelson Landis, son of Mr. and Mrs. John Landis, 1804 Hempstead Road, Lancaster

The reserve ribbon was placed on Peter Witmer's Penn-Del Milk Maid. Peter is the son of Mr. and Mrs. Raymond Witmer, Willow Street R1.

Junior Calf—Nancy L. Bollinger, Lititz R4; Larry F. Breneman, Strasburg R1; Evan

(Continued on Page 4)



THE SHOWMANSHIP CHAMPIONS Donald Bollinger, Manheim R1 was the Grand Champion Showman and Sue Mumma received the Reserve Grand Champion award. They were selected at the Lancaster County 4-H Dairy Show this week at the Guernsey Sales Pavilion.

Annual 4-H Pig Show & Sale Wed. & Thurs.

The Annual 4-H Pig Club Show and Sale will be held Wednesday and Thursday, August 19th and 20th The Show and Sale will be held in the small animal barn at the Stock Yards on Thursday.

Some 40 4-H youth will show 170 hogs. Hogs will arrive on Wednesday, starting at 7 00 a m. and will be penned and groomed for the show which will start promptly at 8 00 a m., Thursday.

Showing will be by breed in heavy (over 225 lb.), medium (195-220 lb.) and lightweight (under 190 lb.) classes, both as singles and as pens

Tobacco Yield Expected To Be Above Last Year

The August 1 forecast for tobacco production in the Keystone State shows improvement from last month, according to the Pennsylvania Crop Reporting Service. Production is set at 49.4 million pounds with a yield of 1900 pounds per acre Anticipated production is one per cent below 1963 and 9 per cent below the 1958-62 average while yield is 3 per cent above 1963 and 7 per cent above the 5-year average.

Progress of the tobacco crop was behind normal in early July but timely rain greatly

(Continued on Page 9)

Weather Forecast

Temperatures during the next five days are expected to average 2 to 6 degrees below the normal range of 84 in the afternoon and 64 at night. Cooler at the beginning of the period followed by a slowly rising trend. Precipitation may total ½ inch or more as showers late Sunday or Monday.

From Where We Stand . . .

Grasshopper Diet Not Wanted

Periodically we read reports that pesticides and agricultural chemicals threaten the future of wildlife, trees and even people.

As a matter of fact, the same could be said about any one of a thousand things that are necessary to support life. Products made from them can destroy us if used improperly. But we learn to use them and are thankful for their existence.

Talk about prohibiting the use of pesticides and agricultural chemicals is brought into focus by National Grange Master Herschel D. Newsom in a recent statement. He says: "American housewives standing in food lines to buy dwindling supplies of food, while hordes of insects spread human disease, is a possible development if the trend toward restricting pesticides use is not kept within due bounds."

To illustrate Mr Newsom's point, a news story in the San Francisco Chronicle is of interest It told of Kern County ranchers massing an air-spray strike against a 40-mile front of "Devastators" — a gluttonous breed of grasshopper The County Agricultural Commissioner estimated that there were up to 200 of the Devastators to the square yard in the area bordering ranch land that produces $10 to $15 million worth of crops annually He said 5 Devastators to the square yard can eat out a field in a week.

With only 8 per cent of our population on farms raising crops to feed 180 million of us, it can be easily seen why Mr. Newsom says housewives would be standing in line to get food if restrictions on the use of chemical pesticides are not kept within reasonable bounds.

At least that's how it looks from where we stand.

A Light To Live By

It is customary to think of the United States as a young nation, and genealogically this is true. As a people, as Americans owing allegiance to none but ourselves, we are young. We declared our independence 188 years ago. We won it after seven bitter years of war 181 years ago.

But what we forget is that young as we are, we are nevertheless the oldest major republic on earth. We have more experience at community government than any other nation save Switzerland. It has worked wonderfully well for us. Even our Civil War resulted in cementing us more firmly together, and in our 181 years we have grown from a small, barely independent nation into the lustiest, most powerful people of them all.

What our detractors cannot conceive is that we have no desire to rule. Autocratic governments must rule to live; they cannot govern because to govern is to carry out the wishes of the citizenry and few citizens of any nation want domination and political slavery.

The distractions which surround us must not obscure in our minds the means of preserving what our forefathers gained for us nearly 200 years ago. Those patriots lit a lamp that still burns brighter than any other and if we tend it well will continue to shed its warm and kindly light long after the cold flame of despotism has burned itself out.

No one wants to go on a grasshopper diet.

At least that's how it looks from where we stand.

Harnish, Christiana R1

Reseive Grand Champion went to Judy Flory's 2 yeai old Florydale Preferred Patsy Judy is the daughter of Mr and Mrs Lloyd Flory, Lititz R2

Junior Calf—Sandra Eshleman, Elizabethtown R1, Mary Jane Eshleman, Elizabethtown R1, Nancy Louise Flory, Lititz R2

Intermediate—James R Esbanshade, Quarryville R2

Senioi Calf—Linda Eshleman, Elizabethtown R1, Barbara Ann Kupp, Manheim R3

Junior Yearling—Paul Brubaker, Lititz R1; Carol M Brubaker, Lititz R1, Donna Eshleman, Elizabethtown R1

Senior Yearling—James R. Eshleman, Quarryville R2.

Two Year Old—Judy Ann Flory, Lititz R2

Three Year Old and Over—R Edwn Harnish, Christiana R1.

Jersey

Top in the Jersey breed was an intermediate calf for Stephen P Arrowsmith Stephen is the son of Mr and Mrs William Arrowsmith, Peach Bottom R1.

Reseive Jersey Grand Champion was Jay Marvin Herr, son of Mr and Mrs Paul Herr, Holtwood R1

Junior Calf—Wayne R Lefever, Quarryville R1

Intermediate — Stephen P. Arrowsmith, Peach Bottom R1; June Aaron, Quarryville R1

Senioi Calf—Nancy Kreider, Drumore

Junior Yearling—Mark E Osborne, Peach Bottom R1

Senior Yearling — Shirley Aaron, Quarryville R1, Brian E Arrowsmith, Peach Bottom R1

Two Year — Thomas W Aaron, Quarryville R1

Three Yeai Old and Over—Jay Marvin Herr, Holtwood R1, Stephen P Arrowsmith, Peach Bottom R1

Brown Swiss

Robert K Wanner, son of Mr and Mrs Guy Wanner, Narvon R2, received the grand champion ribbon in the Brown Swiss breed type division

Gary Myer, son of Mr and Mrs Leroy Myer, 410 Willow Road, was reserve breed grand champion.

THE BIBLE SPEAKS
International Uniform Sunday School Lessons
BY DR. KENNETH J. FOREMAN

Faith on Trial

Lesson for August 16, 1964

Background Scripture: Numbers 11 through 14.
Devotional Reading: Hebrews 3:12-19.

THEY WERE not Boy Scouts, those famous spies Moses sent ahead into Canaan before he undertook to invade the country. We all know about spies nowadays and what they do. Moses' spies, like those of modern times, had one main object: to look at the enemy's defenses and estimate their war-strength. These spies would not travel under cover of darkness, and they had no U-2's to help them. They had to look at everything from the ground level. They would probably be dressed like Egyptians and speak Egyptian. On the streets of cities in Palestine Egyptian salesmen were familiar figures, so these twelve men had no trouble getting in to Canaan or getting out again.

Dr. Foreman

The grasshopper mind

But what they saw! Great high thick walls around every city; tall strong men, prosperity and power everywhere. The twelve men were unanimous on one point: Canaan was a beautiful and fertile land, and well worth taking if they could. . . . If they could! That was where the Intelligence Department split. Big cities, yes; rich country, strong people, yes. But can we win in a war? Ten men said No, Joshua and Caleb said Yes. What the majority said is remarkable. "We were as grasshoppers in our sight, and so we were in their sight." This kind of thinking is called nowadays an inferiority complex, but we can just as well call it the grasshopper mind. If you think of yourself as a grasshopper, it is pretty certain that no one else is going to mark up the cheap price-mark you have put on yourself. Those Hebrews had come out of generations of undernourishment and hardship, and were no doubt little undersized people compared with the big bold Canaanites. So the Ten said, We'll never make it; while only two men had resisted the grasshopperism of their ten companions.

They left God out

This was not the first time, nor the last, that a majority has been wrong. You can't find out what is right, you cannot have reliable information about present facts or future policies, by simply counting noses. Fifty million Frenchmen can be wrong, smashingly wrong. The majority report may be the signpost on the road to ruin. Now, when a majority is wrong, there is always a reason for it somewhere. The reason is plain in this case. The reader will notice that the ten No-sayers said only "we are not able . . . they are stronger than we." The two Yes-sayers said "The Lord is with us; do not fear them." Now all Israel professed to believe in God. It had not been long since they made that covenant with God at Mt. Sinai. But when it came to a pinch, the ten grasshopper men forgot all about God.

Unfaith is expensive

Both faith and unfaith are expensive. The tribesmen to whom the committee of spies reported chose the way of unfaith and they were 35 years paying for it. Now the way of faith is expensive too, but in another way. Unfaith costs success, happiness, honor, and ends in dismal failure. Faith costs the effort, sometimes a heroic effort, to live by it—a faith you cannot live by and fight for is no true faith. But it wins the approval of God in the end. Faith is like a power-tool. A good one may be expensive; but you do not save by taking a cheap one instead. "Quality remains after the price is forgotten." Pay for faith or unfaith you must; but in the long run you will wish (as the Israelites dying in the wilderness no doubt wished many a time) that you had chosen the way of faith. Yet this too is costly; cheap faith is not faith at all. God approves men of courage like Joshua and Caleb; but he does not reward such men by making life easy for them. Odd as it may seem, it is God's way to make faith hard for believers.

Now Is The Time . . .

BY MAX SMITH

MAX SMITH

To Plan 1965 Forage Crops

The farm supply of pasture and hay for next year needs attention at this time in order to get the proper amount needed and of the right quality Mid-August seedings of alfalfa are being made and late August to early September are fine times to make new seedings of pasture crops Forage varieties should be selected to allow some time between the maturity of the various kinds This will help get the crops cut at the peak of feeding value

To Flush Ewe Flock

Sheep producers should provide extra grain or additional succulant pasture at least two weeks before the ewe flock is bred If the ewes are in a gaining condition at breeding time, experience has shown a greater percentage of twin lambs Special care of the ewe flock and this extra feed will pay big dividends from the sheep flock.

To Use Field Bromegrass

Winter cover crops have many advantages over open soil, corn growers have already seeded many acres of corn to winter cover after the last cultivation We'd recommend the use of field bromegrass over the domestic ryegrass because it is more winter hardy and will result in a very heavy sod. Seedings may be made during August and September and if seeded early, the growth may be used for livestock pasture.

To Make Quality Corn Silage

The corn crop looks promising and many tons of corn silage are in the making We urge growers to permit the crop to reach the full dent stage before cutting for silage In addition, it is not necessary to add any preservative to corn silage We're aware of salesmanship effort for preservatives for corn silage; from the results through research and experience this investment is very doubtful

VALUE OF EXPORTS

Agricultural exports from the United States in 1963 broke all records at $5 6 billion. They represented one-fourth of our total exports of goods and services and one-fifth of our total farm production, the U. S Department of Agriculture reports. These exports last year were enough to fill more than a million freight cars or 4,500 cargo ships.

• Delmarva

(Continued from Page 3)

weekend was 810,000 head compared to the 788,000 head last weekend.

Live prices at farms during the period ranged 15 5 to 16 5 on reported purchases of 974,-500 head including 584,400 purchased of 592,800 head offered and sold at Thursday's auction at the Eastern Shore Poultry Growers Exchange

Fifty three per cent of the auction sales were at 16 to 16 4

The Delmarva broiler-feed ratio for the week ending August 7 was up one point from the previous week at 3 3. Broilers averaged 16 34 per pound and mash cost the grower $97.86 per ton.

Crop Summary

HARRISBURG — Crop growth continued to make satisfactory progress in most of the Commonwealth this week despite unseasonably low temperatures, according to the Pennsylvania Crop Reporting Service

"It was the coolest week since early June," the Service said in reporting low readings of 37 degrees at Pleasant Mount in Wayne county and 38 at Emporium, Cameron county.

Rain early in the period—from a trace to a good soaker—relieved some dry areas. Precipitation was lightest, however, in northeastern and southeastern counties that "still remain very dry," according to the Service's weekly crop and weather summary

Elsewhere crop conditions are progressing normally. The only exceptions noted are early apples and peaches that are of good quality but smaller than usual Recent rains should add size to later varieties, the report noted

LOWER YOUR EGG PRODUCTION COSTS!

Many of our customers manage to get top production per bird housed with feed conversions of 4 POUNDS PER DOZEN or less.

Keep Cool Counting Calories

By Mrs. Richard C. Spence

SPENCE

The popularity of low calorie soft drinks is soaring with summer's temperature. But do you know about the refreshment and health fresh lemons can add to your favorite flavor and brand of diet drinks? It's so easy. Just pour the low calorie drink of your choice into a tall ice-filled glass. Then squeeze the lemon juice into the glass and drop in the lemon wedge. The golden peel, loaded with flavor oils, adds a distinctive flavor and aroma. Lemon enhances the cola flavor and gives a cool lively lift. Lemons are high in important vitamin C and low in calorie. In a tall cool drink, a six-cut lemon wedge will add five percent of the amount of vitamin C recommended daily for an adult

FRAGRANT HOT LEMON TEA

3 tea bags or 3 tablespoons tea leaves
1 3-inch stick cinnamon, crushed
10 to 12 whole cloves
6 cups boiling water
⅓ cup sugar
1 teaspoon grated lemon peel
¼ cup fresh lemon juice
Lemon quarters or slices

Place tea in heated teapot, add spices loosely tied in cheese cloth. Pour boiling water over tea, cover, steep for 5 minutes Remove spices and tea bags or strain, add sugar, grated lemon peel and lemon juice Serve hot with lemon quarters or lemon slices

CITRUS REFRESHER

⅔ cup fresh lemon juice
1 cup grapefruit juice
1½ cups orange juice
⅔ cup sugar
4 cups ice water
1 lemon, sliced

Combine lemon juice, grapefruit juice, orange juice and sugar Stir well to dissolve sugar, chill. To serve, add ice water and pour over ice in large punch bowl Garnish with lemon slices Makes about 2 quarts.

LEMON-AVOCADO SHAKE

1 medium avocado, peeled, cut into chunks
2 lemons, peeled, cut into small pieces
1 pint pineapple sherbet
1 cup crushed ice
1 12 ounce bottle sparkling water
Lemon quarters

Place avocado and lemon in electric blender; cover and blend at low speed until smooth. Add sherbet and crushed ice, blending well. Add sparkling water; blend at low speed a few seconds. Serve at once in chilled glasses. Garnish with lemon quarters. 4 to 6 servings.

* * *

RUBY RED FROST

1 pint bottle cranberry juice cocktail
1½ cups fresh lemon juice
1 cup sugar
2 28-ounce bottles chilled ginger ale
1 pint raspberry sherbet
Lemon slices

Combine cranberry juice cocktail, lemon juice and sugar, blending well. Chill. To serve, pour over ice in punch bowl. Add chilled ginger ale and sherbet. Garnish with lemon slices. Serve at once. 24 punch-cup servings

BUTTERMILK LEMONADE

1 quart chilled buttermilk
½ cup lemon juice
2 tablespoons sugar
2 teaspoons vanilla extract

Combine all ingredients, blending well Serve very cold

* * *

GRAPE GLORY PUNCH

2 cups water
12 whole cloves
1 stick cinnamon
⅓ cup sugar
2 cups grape juice
2 cups apple cider
½ cup lemon juice
1 lemon, sliced

Combine water, cloves, cinnamon and sugar in saucepan; boil for 5 minutes Strain and cool. Combine spiced syrup mixture with grape juice, apple cider and lemon juice Chill. Serve in punch bowl or pitcher garnished with lemon slices. 16 4-ounce servings.

ORIENTAL PUNCH

½ cup sugar
1½ cups water
peel of 1 lemon, cut in thin strips
2 whole cloves
1 stick cinnamon
1 tablespoon finely chopped crystallized ginger
½ cup lemon juice
1 cup ice water
Fresh mint

Combine sugar, water, lemon strips, cloves, cinnamon and ginger; boil 5 minutes. Cool and strain. Add lemon juice and ice water. Serve in ice-filled glasses; garnish with fresh mint. 6 4-ounce servings.

* * *

FOUR-FRUIT PUNCH

2 6-ounce cans frozen concentrate for Strawberry-Lemon Punch
2 6-ounce cans frozen concentrate for Pineapple-Lemon Punch
1 orange, unpeeled, sliced in cartwheels
1 lemon, unpeeled, sliced in cartwheels

Dilute punch according to directions on cans. Pour over block of ice in large punch bowl. Float orange and lemon

(Continued from Page 6)

rtwheels on top. 30 4-ounce rvings.

SPICED CITRUS-CIDER PUNCH

¼ teaspoon nutmeg
¼ teaspoon cinnamon
whole cloves
¼ cup sugar
cups water
cup orange juice
cup lemon juice
cup apple cider
cups ice water
Lemon slices

Combine spices, sugar and cups water in saucepan; boil minutes. Strain, chill. Add ange juice, lemon juice, ap- e cider and ice water. Serve tall ice-filled glasses; gar- sh with lemon slices. 12 6- nce servings.

PARTY PUNCH

cups orange juice
cups apple juice
2 pint bottles cranberry juice cocktail
1 cup lemon or lime juice
2 cups light corn syrup
1 large bottle sparkling water
Few sprigs of mint
Lemon or orange slices
Ice cubes

Combine ingredients in order listed and pour over ice in large punch bowl. Makes approximately 1 gallon.

CRANBERRY MILK PUNCH

½ cup ice water
½ cup instant non fat milk crystals
2 tablespoons lemon juice
¼ teaspoon orange extract
⅛ teaspoon nutmeg
¼ cup sugar
1 quart cranberry juice cocktail

Combine ice water and milk crystals in ice cold bowl. Whip with cold beaters until soft peaks form (3 to 4 minutes). Add lemon juice. Beat until stiff (3 to 4 minutes). Fold in sugar Pour cranberry juice cocktail into punch bowl; fold in whipped milk mixture. Serves 8.

PINEAPPLE DELIGHT

1 6-ounce can frozen pineapple juice concentrate
1 cup water
3 scoops vanilla ice cream
½ orange, peeled

In blender combine pineapple juice concentrate, water, vanilla ice cream and orange (if electric mixer is used, substitute ½ cup orange juice for the fresh orange). Blend at high speed for 30 seconds. Makes 3 to 4 servings.

WEDDING PUNCH

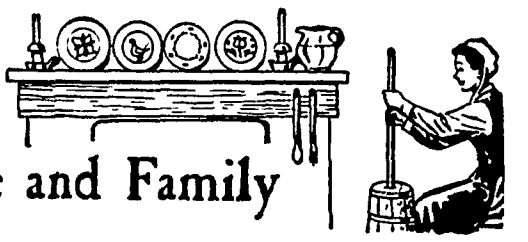
4 cans frozen pineapple-lemon punch concentrate
4 cans frozen grapefruit juice
4 cans frozen raspberry-lemon punch concentrate
4 quarts water
2 quarts orange soda

Mix juices and water Just before serving add orange soda. Makes about 8 quarts.

TOASTED SESAME WAFERS

12 half-slices melba toast
butter, softened
3 tablespoons sesame seeds

Spread melba toast with butter and sprinkle each half with ¼ teaspoon sesame seeds. Toast in oven 1 hour.



For the Farm Wife and Family

Ladies, Have You Heard? . . .

By: Doris Thomas, Extension Home Economist

THOMAS

Worth Knowing Anytime

To pick up spider webs and loose dirt from plaster walls, use the wall brush on your vacuum cleaner and brush the wall from the bottom to the top You can use a clean dust mop — no oil on it — if you wish

Buy only enough bacon for one week, and for peak flavor and aroma don't freeze sliced bacon Store bacon in its original wrapper in the refrigerator. If you must freeze bacon, freeze only a few pounds and don't keep it more than 30 days.

To add new flavor to the biscuit topping for a casserole, try this . . . roll biscuit dough in a rectangle, spread with herb or garlic butter, then roll up like a jelly roll Cut into pinwheels and ring them around the casserole Bake as you do regular biscuit topping

Where to Put Home Freezer?

Where you place your home freezer influences its efficiency, convenience and operating cost The most logical places are in the kitchen, utility room, entryway, porch, and basement

A kitchen location may be the most convenient for saving time and energy, although one study shows that freezers located in a hot room in summer or a heated area during winter may use as much as 15 per cent more electricity.

A freezer works best in a cool, dry, well ventilated area out of direct sunlight But, do not place it where the temperature falls below 40 degrees.

A dry basement is fine if you plan to make as few trips as possible up and down stairs. A damp basement is not a satisfactory place for a freezer.

Never squeeze the freezer into a niche in the wall or in a place with cabinets on three sides Allow ample space

DO YOU KNOW HOW MUCH MILK YOUR COWS CAN REALLY GIVE?

A cow is a factory. She eats grass, hay, silage, grain and Wayne Feeds. She makes milk. Each cow-factory has a certain bred-in capacity. When Bossy's assembly line isn't running at full capacity, she isn't making as much money for you as she should. ■ The way to find out if she's really running at full capacity is to put more feed in and see if you get more milk out. FEED HER ACCORDING TO WHAT SHE COULD GIVE TOMORROW, instead of what she gave yesterday. ■ Wayne can show you how to balance these larger feed intakes so that your cows can handle them. You feed the rumen bacteria too, so they can work harder and digest more roughage. ■ See us now for the Wayne Program that will work for you... choose from these quality Wayne Feeds... Wayne 32 Dairy Krums... Wayne Sweet Bulky... Wayne 14% Fitting Ration... Wayne Test Cow... Wayne Sucrene 16 Dairy... or other Wayne supplements and complete feeds to meet your needs... do it today!

MANHEIM YOUNG FARMERS MEET

Land judging was the subject of discussion at the Manheim Young Farmers Association meeting held Monday evening at the Isaac Geib farm. Wayne F. Maresch of the U.S. Soil Conservation Service outlined the principles of land classification to the group and discussed the uses and limitations of various types of soils. Members then judged 3 soil sites according to standard scoring sheets. Prizes were awarded for the 3 best scores

Winners were Donald Hershey, Manheim R2, 1st prize; James Graybill, Lititz R3, 2nd prize; and Jerry Snavely, Lititz R1, 3rd prize.

Others in attendance were Eugene Hoover, Lititz R3; C. David Landis, Lititz, R2, Vincent Becker, Lititz R3; Paul Kline, Lititz R3, Forney Longnecker, Lititz R3; Glenn S. Brubaker, 345 Running Pump Rd., Lancaster, Roy H Garber, Lititz R3, David T. Hershey, Manheim R1; Ray D Shents, Lititz R4; Earl D Wenger, Manheim R3; Daniel K. Hershey, Manheim R3; Jay R. Foreman, Lititz R1; Isaac G. Geib, Manheim R3; Jesse Erway, Vo-Ag teacher at Manheim High School, and Berton E. Davis, SCS, Lancaster.

Delicious refreshments were served by Mrs. Geib following the meeting.

PENN MANOR CLASHING THIMBLES

By Nancy Cramer

The regular meeting of the Penn Manor Clashing Thimbles was held on Wednesday, August 12, at the Penn Manor Junior High School. A party for the parents will be held on September 12 at 7:30 p.m. at the Conestoga Elementary School Members will model their garments.

The leaders checked the completed projects and final instructions concerning the 4-H Sewing Round-up were given. It will be held on August 19 at the Penn Manor High School.

Farm Women Society 22 Entertain Husbands

Society of Farm Women 22 met Tuesday evening at the home of Mr. and Mrs. Jay Landis, Lancaster R6. Members entertained their husbands at a corn and doggie roast.

Mrs. Donald Esbenshade resigned as president of the Society. Mrs. William Weller, vice president, will fill her unexpired term. Mrs. Wilmer Andrew was elected as the new vice president.

The next meeting will be held Tuesday, Sept. 8 at a.m. Members are asked assembly at Lancaster Gro ping Center where a hike w begin. Each member will bri her own lunch.

COOL TOMATOES

Tomatoes ripen best in temperatures from 55 to 65 degrees, says J. O. Dutt, extension vegetable gardening specialist at The Pennsylvania State University. That may explain why that red color takes so long coming after the green fruit is full grown on hot summer days. Watering to cool tomato plants during hot periods may hurry ripening of the fruit.

PURINA LIQUID PIG WORMER

Large roundworms and nodular worms can eat into your pig profits. Fight back with Purina Liquid Pig Wormer . . . knock out worms fast!

This piperazine concentrate is easy to use. You just mix it with drinking water. There's no need to change the feeding program . . . your pigs keep right on eating and drinking.

Liquid Pig Wormer is economical, too. For example, you can worm up to 256 pigs weighing from 40 to 80 lbs. for only 2 to 3¢ per head.

Worm your pigs with Liquid Pig Wormer two weeks after weaning . . . and worm 'em again one month later. Health-robbing worms will go . . . and your pigs will grow!

Remember to ask for Purina Liquid Pig Wormer the next time you stop by our store.

"ANY ONE MAY BUY FROM FARM BUREAU"

GULPS BIG!

THE NEW 780 TWO-ROW FORAGE HARVESTER

You want silage that stores and feeds at its best. You want it to cut clean, to a uniform length, and cut fast. Then, you'll want the 60 tons an hour capacity Allis-Chalmers 780.

The new Fast Feeding with the original "cut 'n throw" knives handles the largest stalks without bunching or plugging. Six gathering chains, wide-flow feeding (36") with five feeding rolls, six curved knives that slice clean, sure—no power-robbing extra blower needed.

And, you get an exclusive "Stone Stopper" safety clutch on the feed roll and gathering chains to protect the knives. Feed rolls can be reversed from tractor seat for easy clean-out of foreign objects.

Call us for a demonstration of the new production champ of silage makers.

Fulton Grange Plans Trip To World's Fair

Fulton Grange #66 met August 10 at Oakryn. The Grange is taking a one day tour to the New York World's Fair, Saturday, September 12 by railroad, leaving Lancaster at 6 a.m. and returning at 11:30 p.m. Cost of the tour is $13.50 which includes round trip and admission. The public is welcome to go and reservations should be made soon. Fees should be paid to the committee by September 5 and mailed to chairman Clair Murphy, Hillcrest Ave., Quarryville.

At the next meeting, August 24, Miss Mary Lou Wesley will show slides of the fair and tell the most interesting places to visit. The local 4-H club will show the dresses they have made this summer. Also nomination for new officers will be held.

Fulton Grange will be the host to the Lancaster County Pomona Grange Picnic, Saturday, August 15, at 7 30 p m. Members are to bring a meat dish and another dish, own silver, plates and cups Rolls, butter and drink will be provided.

Pomona lecturer, Miss Marie Murphy will have a talent show after the picnic. A Flower show in charge of Mrs. Norman Wood was held. Mrs. Samuel Wenger and Mrs. Ira Holtzhauer were judges. Winners were: potted plants, Mrs. Ray McSparran; table arrangement, Mrs Ralph Armstrong, best wild flower bouquet, Miss Rebecca Kirk; miniature arrangement, Mrs. Norman Wood; miscellaneous cut flowers, Mrs Ralph Armstrong, and best single species, Miss Rebecca Kirk

The lecturer, Charles Mc Sparran, had charge of the program and a talk on "Art and Rural Landscaping" was given by Mrs. Adeline Edwards

● Tobacco

(Continued from Page 1)

improved the situation. The crop grew rapidly and progress on August 1 was about normal. Although most of the crop is currently in good shape, moisture is now needed to continue what appears to be a good tobacco producing year.

As of August 1, some of the tobacco plants were quite small but the majority of the crop has been cultivated for the last time Seed heads were appearing and topping was getting underway. Some cut worm damage is present in unsprayed fields.

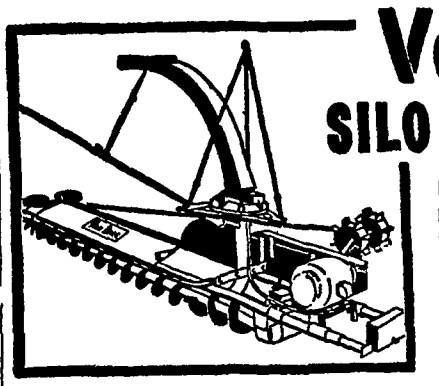
FINEST SERVICE ANYWHERE

Complete automatic feeding for DAIRY COWS and CATTLE!

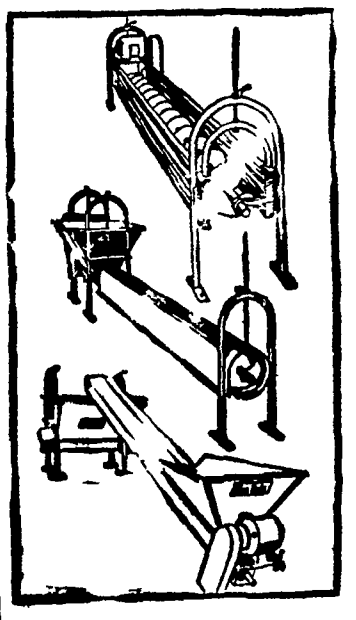
VanDale SILO UNLOADERS



Double augers deliver more silage per minute even when silage is deeply frozen . . . and at a lower operating cost. Patented V-paddle impellers *throw* . . . not blow . . . silage down chute. Adjustable drive hubs give positive traction in all types of silage.

Three-point suspension keeps unloader level at all times.

Plus a complete line of bunk feeders to meet your exact needs



Straight-out Auger Feeder

With VanDale units you can custom build the bunk feeding set-up to fit your needs. Drive section includes hopper, drive assembly and 16', high capacity 9" auger. Additional auger sections are in 16' units and are easily coupled.

Feed-R-Flo Bunk Feeder

The new, all-metal complete feeder. High capacity 9" auger rotates within tube. Gives all-weather protection, even feed distribution, and lower operating cost.

Conveyor Trough

An important link in automatic feeding. Positioned below silo chute, the VanDale conveyor trough carries the silage to the bunk feeder. Primary section includes hopper, drive assembly, and 16', 9" auger. Additional 16' auger sections may be added.

See us for modern automatic feeding equipment

JOLLY STITCHERS 4-H CLUB

The Jolly Stitchers 4 H club of Farmersville will hold their club picnic at Red Run on August 29 This was decided at the sixth meeting of the club held on August 3 at the home of Mrs. Clydeth Buch, Bareville R1 The rain date will be Sept 2

The chairman of the food committee is Sandra Snyder

The club will also have six members enrolled in the dress revue this year. They are Gail Smith, Joyce Horst, Kaye Smith, Sandra Snyder, June White and Jane Smith

The junior leaders present were Joyce Horst, Kaye Smith, Sandra Snyder, June White and Jane Smith

The leaders present were Mrs. Clydeth Buch, Mrs Grant C Smith and Mrs. Israel Gockley

Sandra Snyder and Gail Smith attended a swim party given by the 4-H county council on August 6

Sandra is the representative from the club and Gail is the alternate

At the party the girls enjoyed swimming, volleyball, box lunches, which were auctioned off, and a business meeting

The next meeting will be held on August 17 at Mrs Buch's home

KIRKWOOD HOMEMAKERS 4-H CLUB
By Pauline Mitchell

On August 5th the Homemakers held a picnic at the pool in the American Legion Park in Quarryville.

The sewing group displayed the dresses they made this summer, and the "Lady Chefs," as they call themselves, made ice cream which was eaten at refreshment time with pretzels and ice tea.

This was the last of seven meetings for the summer. Mrs. Dean Lefever was the leader of the cooking group.

On the 6th of August, the Homemakers attended the county Round-up for the 4-H clubs, and the Kirkwood Homemakers came home the proud possessors of 1st prize certificates and blue ribbons which made the summer for the Lady Chefs. The final Round-up, August 19, will also be held at Penn Manor High School.

LUNCH BY THE KING DAUGHTER

Mr. Dairyman:

Are you managing your herd for profit?

Managing for profit must begin with your dry cows and bred heifers.

Management for profit calls for *feeding the dry cow and bred* heifer to accomplish three things;

Build the unborn calf

Build the cow's reserve

Stimulate the cow's milk-producing system so that she may produce to her in-bred ability

You can not expect last years top proformer to repeat only because she has the potential.

She has to be fed for high production — and particularly when she is dry.

No other period in a cow's life has as great an influence on milk production as does the two month period just before she freshens.

Management for profit must also begin with feeding your dry cows PIONEER DRY & FRESH.

On PIONEER DRY & FRESH and the PIONEER Program your dry cows get the nutrients they need, and you can be sure that she will produce according to her capability.

Stop in soon or ask our servicemen about the PIONEER management for profit program, beginning with your dry cows.

There is profit in PIONEER.

PIONEER®

. . . the feeds with balanced amino acids for better protein building
